• Fits Your Budget

With the cost of original manufacturer toner on the rise, we have brought in the Dataproducts remanufactured toner solution. The prices on Dataproducts toner is up to 60% less than their original counterparts. This along with stringent quality control gives you peace of mind that you are getting the best value for your purchase.

• Reliability

Not all remanufactured cartridges are made the same. There is a huge disparity in the quality and performance of aftermarket imaging supplies. Dataproducts takes pride in a defect rate that is the best in the industry and rivals that of the OEMs. Their world-class engineering department designs cartridges to meet or exceed OEM specifications for yield and print quality through the design and implementation of propriety product development practices, manufacturing standards, process automation, and performance testing protocols.

• Quick Delivery and Extensive Selection

Dataproducts are one the largest suppliers of remanufactured toner in the world and therefore provide an extensive selection for multiple brands including HP, Lexmark, Brother, Canon and others. We can direct ship toner products to you if you're in a remote area and need to install the product right away.

• Satisfaction Guarantee

Data products include a 12 month warranty from manufacturer defect and will provide new replacement toners for that period.

Dataproducts are warrantied against printer defects upon installation. In the event that damage does occur to the printing mechanism due to toner installation, we will cover the cost of repair to your printer.

KCC offers a 30 day money back or credit satisfaction guarantee to give you a no risk opportunity to install and test Dataproducts toner.
